A) Field Trips

Learning experiences outside the classroom serve to reinforce and supplement skills and concepts taught in the classroom; therefore, various field trips will be planned throughout the year to capitalize on the potential of these learning experiences. In order for students to be able to participate in field trips, their parents must give consent.

For field trips where transportation is required, a letter will be sent home prior to the event. This letter will detail the educational objectives and specific information relating to date and time, transportation, and costs.

The attached student consent form authorizes your child/ren to participate in field trips that are within walking distance of the school, (e.g. neighboring community centres).

Field trips are considered an integral part of the educational program and it is therefore anticipated that where possible, all students will participate. If a child is unable to take part in the field trip, please notify the school and an alternate activity will be planned.

B) Emergency Plans

In the event of an emergency evacuation during school time, the fire alarm will ring, signaling all students and staff to leave the building. If we are not allowed to return to the school because it is declared unsafe, the students will be evacuated to Our Lady of the Prairies Catholic Elementary School, 17655 - 64 Avenue (481-0389)

If there is an emergency outside school time and the building is declared unsafe, we will make alternate plans for the functioning of the school.

If there is an emergency either during our outside school time that interferes with the normal functioning of the school, it will be necessary to contact you to advise you of this. A very timely way of accomplishing this is through a phone fan out system. In this system a parent room representative would phone several parents who would then call other parents until all the parents have been contacted.

In order for us to initiate such a system, it will be necessary for us to release your phone numbers (both home and business) to a parent room representative. Room representatives will receive only the phone numbers of parents pertinent to a call out list. If you do not wish us to release your phone number please indicate an emergency contact person.

C) Information Release Consent

Over the course of the school year, a number of activities and occasions require that the Talmud Torah Society/School Council contact your family home by phone or mail or occasionally call you at work. We require your consent to release this information.

D) Buzz Book

Parents' Auxiliary compiles together a mini school telephone directory and requires your consent to have your children listed. These directories are sold for a small fee to the students in late September.

E) Permission for Student Work and Images

Throughout the school year, your child will be producing a variety of creative assignments (art work, stories, poetry, etc.). On occasion these pieces may be displayed or published in the classroom or in various school and district publications; e.g. ("The Compass", the Society's website, district's website, etc.). The creative work may also be submitted to external competitions.

Schools may invite spectators, including parents or media, to certain school events. Once invited (other than as volunteers within the school), the event becomes a public event. Anyone may take photographs of students participating in a public event without obtaining consent and these photographs may be used for promotion of the school.

Occasionally we require the use photos from school activities to profile events at Talmud Torah School in external publications such as the Jewish Community Newspaper or the Society Website.
